DATE OF INFO. June - December 1950

SUPPLEMENT TO REPORT NO. 25X1X

25X1A

1. [REDACTED] Soviet priority order number K37 was given to the Turnu Severin Sovromtransport Shipyard to "transform" pontoon bridges for Soviet use. The work was supervised by a Soviet engineer.
2. The pontoons were brought by train and "certain changes" were made to them at the shipyard. Work progressed on them for about six months and about ten were completed each day. The work continued night and day.
